### Sugar Firms' Campaign Gifts Traced to Both Parties

#### COMMITTEE SEES LAW VIOLATIONS; SILENT ON ACTION

Political Contributions by Corporations Illegal Under Corrupt Practices Act, Senator Blaine As-  
serts at Hearing.

#### TESTIMONY ENDS LOBBY INQUIRY

Committee's Report All That Remains To Complete Quiz on Means Used in Gaining Tariff.

WASHINGTON, Nov. 24.—(AP)—A group of sugar companies that worked assiduously for a higher tariff were described today as having broken the law by political contributions which went to both parties in 1928.

Before the senate lobby committee ended its hearing on B. G. Dahlberg's work for a higher sugar tariff, John Holland, committee investigator, said Dahlberg, head of several sugar companies, contributed nearly \$15,000 to republicans and democrats, either directly to candidates or to the parties, in 1928.

Holland added that Dahlberg's sugar firms reimbursed him for his personal campaign donations and then marked the money up to "expenses."

Senator Blaine, republican, Wisconsin, a committee member, commented that political contributions by corporations were barred by the corrupt practices act.

Holland answered they were unlawful, but it was not indicated whether any action would be taken against Dahlberg or the concern.

Apparently all that is left to end the inquiry is the lobby committee's report, with nothing to indicate when it would come.

Senator Walsh, democrat, Montana, chairman of the committee since the death of Senator Caraway, of Arkansas, said all the evidence apparently had been gathered.

He left the way open, however, for further testimony in event any of those mentioned in the hearing asks to appear.

Two senators, Watson, republican leader from Indiana, and Davis, republican, Pennsylvania, were described in testimony as having made "paper profits" in the purchase on credit of Dahlberg company stock. Watson said he had no intention of going before the committee.

"I have done nothing that requires explanation," Watson said. He reiterated that his 1928 investment, while involving no transfer of money, had nothing to do with legislation. He said he had purchased stock in the past and probably would do so in the future.

Exonerated Seen.  
Senator Davis saw "complete exoneration" for himself in the investigation. He said he saw no reason to go before the committee as it had

The four victims of the English avenue school wild truck. Harold Dowda, upper left; Donald Studdard, upper right; Billy Etheridge, lower left; and Dillard Hayes, lower right.

The lives of a large group of small school children were imperiled Tuesday morning when a dilapidated piece of machinery, which had become unmanageable, ran wild into the ranks of pupils of the lower second grade at English Avenue school.

Four of the students were injured, two of them at first believed seriously, but subsequent examination revealed that severe lacerations and bruises constituted the most serious hurts received. One was treated by Grady ambulance surgeons on the school yard and three others were taken to the hospital, but Tuesday

#### REFERENDA PLANK URGED BY RASKOB FOR '32 PLATFORM

Democratic Leader Opposes Definite Stand Either For or Against Law.

WASHINGTON, Nov. 24.—(AP)—Chairman John J. Raskob, of the democratic national committee, said today he opposed the party taking either a wet or dry stand in 1932, but wanted it to declare for a referendum on prohibition.

As he issued this statement through the committee his move to bring up the controversial prohibition issue was assailed by Senator Connally, democrat, of Texas, as one "calculated to disrupt and divide the party's strength instead of promoting its success."

At the March meeting of the committee, Raskob proposed a plank providing state liquor control. His declaration today on the eve of another national committee meeting was unexpected. He made the statement in defending his position in reply to a newspaper editorial. He said:

"I strongly feel the party should take neither the wet nor the dry side of this highly controversial question, but that its platform should definitely commit the democratic members of congress to vote in favor of some resolution which will give the people themselves opportunity to vote on the question as to whether they wish the eighteenth amendment retained, repealed or modified."

Raskob also challenged the published assertion that Governor Roosevelt, of New York, opposed his selection by Alfred E. Smith in 1928 as head of the committee.

"The efforts of those who have been honored by the party," said Connally, "and who are now pressing the demand for such a plank (repeal or modification of the eighteenth amendment) are calculated to disrupt and divide the party's strength instead of promoting its success. Those who really desire a united party will not inject an issue that all men know will produce discord and bitterness in party ranks."

The chairman of the national committee can render his party greater

16-Year-Old Albany Girl Tells Officers Mother Poisoned Father.

ALBANY, Ga., Nov. 24.—(AP)—Mrs. J. H. Beck, 33, and Gordon Collins, 24, were placed in the Dougherty county jail Tuesday night charged with murder in connection with the death of Mrs. Beck's husband on October 6.

A recent biography of Governor Roosevelt carried the statement of his opposition to Raskob's selection. The Roosevelt-Smith relations, apparently none the best in a political sense for some time, appear further aggravated.

Connally issued his statement in response to the letter he received as a campaign contributor in 1928 from Mrs. Raskob asking his views on a prohibition stand by the party. He opposed repeal or modification of the eighteenth amendment and supported the retention of the amendment.

#### DEMOCRAT VICTOR AT TEXAS POLLS

Richard M. Kleberg Is Named To Fill Wurzbach Seat in Congress.

SAN ANTONIO, Texas, Nov. 24.—(AP)—Richard M. Kleberg, of Corpus Christi, a democrat, was elected to represent the fourteenth congressional district of Texas in the national house of representatives today, to succeed the late Harry M. Wurzbach, republican, who was serving his sixth term when death removed him.

RetURNS from the 11 counties of the district, the vote being complete in four of them and the others so nearly complete that outstanding votes hardly could change the result, gave him a plurality of approximately 5,000.

Kleberg polled 17,484 votes to 12,468 for Carl Wright Johnson, democrat, of San Antonio, and 4,934 for C. W. Anderson, republican, of San Antonio, on whom republicans centered in an effort to fill the vacancy with a grand old party partisan.

Anderson had been a close friend and former campaign manager for Wurzbach.

Kleberg goes to Washington almost fresh from the hurricane deck of a Texas pony.

HOLLYWOOD, Cal., Nov. 24.—(AP)—Sudden development of peritonitis rendered critical tonight the condition of Tom Mix, cow-puncher star of the screen and circus, after an operation today for a ruptured appendix.

In response to a call by his physician, Dr. R. Nichol Smith for a special serum, an airplane from San Francisco arrived tonight at United airport with a supply from the laboratories of Stanford University.

A motorcycle messenger met the plane and rushed the serum to the hospital. Dr. Harry Downes, of the Varney Airlines, buffeted by a heavy gale, was forced to make two attempts at landing with the serum and six passengers.

#### WILLIAMS PLEDGES HOLDING OF COTTON

Member Says Board Will Keep Staple From Market If South Effects Acreage Cuts.

WASHINGTON, Nov. 24.—(AP)—The farm board bared its operating secrets today in a battle for its life before the senate agriculture committee.

The spectacular story of a two-year effort to help the farmer by gigantic stabilization operations and co-operative marketing was unfolded by Chairman Stone to justify the board's existence.

The quiet-mannered chairman delivered facts and figures on the board's operations in the form of an annual report to congress. Then he sat through almost a full day of running cross-examination by critical members of the committee.

The report showed the board still holds through its subsidiaries 180,656,187 bushels of wheat and 1,310,789 bales of cotton.

Toward the end of the day, Carl Williams, cotton member, took the stand and promised the board would hold its stabilization cotton off the market another year if the southern farmers would go through with their acreage reduction programs. Under the present arrangement the surplus will be held until July 31.

Committee members, many of them open critics of the farm board policies, augmented by one or two other senators, sat around a long table and took turns firing questions at the board chairman.

Stone, cool and calm, sat in their midst with an arm over the back of his chair and much of the time a cigarette in his hand. He answered their questions in a quiet voice which could hardly be heard in some parts of the room.

Senator Brookhart, republican, Iowa, criticized the board for confining its efforts to removing the surplus in cotton and wheat, declaring the troublesome surpluses in corn, oats

#### Monroe County Hills Ring With Baying of Fox Hounds As Hunters Open State Trials

BY JIMMY JONES, Staff Correspondent.

YATESVILLE, Ga., Nov. 24.—A flash of crimson in the early dawn, followed by the cry of hounds along a pine ridge, opened the fourteenth chapter in the history of the Georgia Fox Hunters' Association, just a horn's blow from here this morning.

The 1931 field trials were on and a merry week of chasing the fastest and gamest animal on four legs—the Georgia red fox—had begun.

A Fine Race.

Seventy of the finest dogs that these eternally clashing breeds, the Walker and the July, could muster were unleashed and a hundred or more devotees of the chase were there to drink in the music of the pack.

The opening race was a fine one.

#### Gainesville Leaders Laud Eastern Time Advantages After 25 Years' Experience

GAINESVILLE, Ga., Nov. 24.—Not a single dissenting opinion was voiced here Tuesday afternoon when various officials of Gainesville were interviewed in regard to the local time, and would not change to central time if voted upon. Gainesville has had eastern time for 25 years, almost to the day, and not a single person was found Tuesday who would go back to central time.

W. P. Martin, superintendent of public schools, said he had taught in towns that had central time and others that had eastern time and that he was decidedly in favor of the Gainesville time. He stated further: "Throughout the entire school system I have never found that this time

worked a hardship on any mother in getting her children off to school."

Mrs. C. T. Waite and Mrs. A. O. McDermid, presidents of the P. T. A. of Candler and High school, respectively, were wholehearted in favor of eastern time. Mrs. Waite said: "The children have more time out of doors, and this is essential to child health and happiness."

Mayor O. A. McDermid, who remembers both times, said that he had never heard of a complaint against eastern time, and that he is certain everyone is well pleased. He pointed out that in the summer, adults, as well as the children, have more daylight for healthful outdoor recreation and that in the winter "we have an hour more of daylight in the afternoon."

## PENNY CLUB DAY BY DAY

BY MRS. THOS. K. GLENN

The Penny Club is asking for a special contribution of three extra pennies on Thanksgiving to represent three things that you are truly thankful for this year. I am sure that everyone with a job or an income, no matter how large or how small, can find three things for which to be thankful. I am thankful for the thought that came to me way out in the middle of the Atlantic ocean, that developed into the Atlanta Penny Club, when I was trying to think of some way to help Atlanta solve the problem of her unemployed this winter. I am thankful for the loyal support that all Atlanta has given me in making a success of the Penny Club. I am thankful for the pennies that you have sent to the Penny Club which have made it possible for us to pay entirely the pay roll of the Made Work Plan and to give employment to 232 men—and as I drop in my three extra pennies I shall say what I always say before closing my eyes each night, "Thank You, God, for everything you have been to me today." Special envelopes will be given out in all of the grocery stores and restaurants from now until Thanksgiving.

and I am sure that all of Atlanta will not have any trouble finding three things to be thankful for. Yesterday was such a beautiful day that I decided to see for myself just what the Penny Club funds were doing in the day of improving your public property. So to the Bass Junior High school—the Boys' High and the Tech High schools, where the Penny Club workers were at work improving the schoolyards. And on to the Joe Brown Junior High school, where the grass had been planted several weeks ago—it was truly a beautiful sight to see this carpet of green spreading out in front of the beautiful building that houses the Joe Brown High school. I have always thought green grass beautiful, but that Penny Club lawn in front of the school in West End seemed to me to be the most beautiful grass that I have ever seen. I do wish everyone in Atlanta would visit the places where the Made Work Plan workers have been at work and see the improvements your pennies have helped to make in the property of the city in addition to giving employment to 232 men.

There are 3,000 boxes throughout the city for your convenience. If you prefer to pay 30 cents a month or all in advance send your check to the Penny Club, 42 Edgewood avenue.

TRIBUTE TO TEACHER

IS PAID BY ALUMNAE

Alumnae of Wesleyan College Tuesday expressed regret at the death in Memphis Sunday of Mrs. M. M. Burke, who for 30 years was a member of the Wesleyan faculty. Glowing tribute to the memory of the beloved teacher was paid.

Mrs. Burke was more than a teacher; she was an inspirer, the statement said. "She did not only teach her girls to learn literature—she taught them to love it and many have risen to call her blessed that she taught them more than words and their meanings. A great soul has passed on, but she will live in the many lives she has inspired and blessed; in the hearts of those who have loved her as teacher, adviser and friend."

NEW COLOR ADOPTED

FOR TELEPHONE BOOK

The color trend has invaded the format of telephone directories and the new fall and winter book of the Bell system in Atlanta, now being distributed, is bound in bright orange coverings. Already the new books have been placed in the hands of 54,000 subscribers, who use 67,700 telephones. The new book is not for use until after midnight Saturday, November 28, at which time new dial telephone offices designated Cherokee, Calhoun, Raymond and Vernon will be placed in service. More than 12,000 telephone numbers have been changed and officials urged subscribers to destroy the old blue-covered books and to consult the new book before placing calls, after Saturday.

Mule, Hit by Auto,

Wrecks Car, Hurts 4

A mule registered his resentment at being struck by an automobile Tuesday by running wild to wreck an auto containing three passengers and injuring four people.

Buster Gale, negro, was driving the mule along Boulevard, near Auburn, when the auto struck the wagon, knocking Buster out and taking most of the harness from the animal. The mule darted along Boulevard and at Auburn knocked down Julia Deal, negro, and climbed aboard the hood of a car driven by Joe Butler, negro. The auto was left in a wrecked condition and Butler, his wife and baby were injured.

Crowds gathered and subdued the mule while the four injured were taken to a hospital.

## KING ALBERT BOOD ON VISIT TO LIMBURG

BRUSSELS, Belgium, Nov. 24.—

(P)—King Albert was booted and hissed today at St. Trond, in the province of Limburg, where he visited a Catholic institute. Mounted police were called to help him escape from a hostile crowd.

A crowd, including students of the

University of Louvain and Flemish nationalists, gathered along the king's route and shouted, "Down with the king, long live Borms!" The latter is Dr. August Borms, Flemish separatist, who helped to establish a Flemish university at Ghent with German aid during the German occupation of Belgium in the war. A free-for-all fight followed among the disturbers, loyalists and police, who arrested six persons.

## THE JUNIOR LEAGUE FOOD INVESTIGATION in Cooperation with ROGERS STORES

By MRS. ROBERT L. FOREMAN, JR.  
President, The Atlanta Junior League

In the hope of improving standards of diet, food selection and budgeting, and as a public service to the people of Atlanta, the Junior League is making a thorough study of this vital subject.

Rogers Inc. has very courteously agreed to cooperate with us in every way. Our members will be permitted to examine the methods of this great group of food stores, from the food sources, through the warehouses, and in the retail stores themselves.

Our members will be assigned to certain Rogers stores, which they will report on regularly over a period of six months. A definite rating basis has been worked

out, from which we can fix the standing of each store studied, according to a Standard Store Rating Chart.

In addition, we will conduct a study in the homes. Thousands of women will be interviewed, to determine the kind of stores they prefer, the types of food they buy, their reasons for preferring one store over another.

It is our sincere hope that this unique study will contribute materially to better living, happier homes and healthier children in Atlanta. If it accomplishes our purpose we will all be well repaid for our efforts.

### ROGERS MANAGERS:

We welcome the above announcement of the Junior League's study in cooperation with our stores.

I am sure you will willingly accord the League's membership every cooperation in assisting in this undertaking which we hope will help in their earnest efforts to better standards of foods, diets and household budgets in Atlanta.

Arthur B. Bue  
President

## Mrs. Annie Adair Foster Will Conclude Lectures on Bridge at Sterchi's Today

Annie Adair Foster lecturing before a large audience of contract bridge students at Sterchi's, where she opened a three-day lecture series Monday, the third and final to be given this afternoon. Mrs. Foster is one of the recognized authorities on bridge in the country and is an exponent of the Culbertson system. Her lecture series here was hailed with delight by hundreds of Atlanta bridge enthusiasts.

Mrs. Annie Adair Foster, one of America's outstanding bridge experts, this afternoon will deliver the third and last of a series of lectures in the clubroom of Sterchi's, fifth floor. The lecture will begin at 2 o'clock and is free to all who wish to attend and hear her exposition on contract, and an increasingly large crowd is expected to attend.

Eighteen years ago Mrs. Foster started in earnest toward becoming one of the nation's leaders in bridge. With two tables arranged by Mrs. St. Elmo Massengale in her home, the expert began. At that time old-time whist was the most popular game, but Mrs. Foster started the popularity of bridge whist by teaching it, going from that to auction and in later years to contract, which she describes as the very finest of all.

Mrs. Foster studied two years with Josephine Culbertson, world famous expert, in New York, where Mrs. Foster learned the benefits of the forcing system taught her. Since that time she has taught the Culbertson system exclusively.

Last June Mrs. Foster attended a joint Work-Culbertson convention in New York, later passing an examination which made her associate teacher in Culbertson studios in New York. The famous Culbertsons are personal friends of Mrs. Foster.

The progress of bridge as explained by Mrs. Foster has been romantic and has gone from the old whist pastime to one in which mathematics prevails. Religious objections, serious in other years, are giving way before the advance of the science and now bridge is taught in several eastern schools, Mrs. Foster said.

By BRIAN BELL.  
SAN FRANCISCO, Nov. 24.—(AP)—Coming to San Francisco to ask his friend, Governor James Rolph Jr., to grant a pardon to Tom Mooney, Mayor James J. Walker spent half his first day explaining that he is in California only as a private citizen and the other half studying the case he is to join in presenting the governor next Tuesday.

As soon as a series of receptions was concluded, the New York mayor went into an extended conference with other lawyers, including Frank P. Walsh, Aaron Sapiro and local counsel. Then he planned to call on Mrs. Mary Mooney, 80-year-old mother of the man serving a life term in San Quentin prison for alleged participation in a parade bombing in San Francisco July 22, 1916. The visit was postponed until tomorrow because of Mrs. Mooney's illness.

Although it was revealed today, "Jimmy" Walker wrote "Jim" Rolph many months ago about the Mooney case. It was a telegram from Mooney's aged mother which caused his decision to come from New York to California to plead for executive clemency for the son.

Tomorrow the mayor of New York and the governor of California will confer here on plans for the hearing. Governor Rolph came from Sacramento today to greet the visiting mayor in the name of the state and immediately returned to the capital.

The governor and the New York mayor are friends of many years' standing. Their close association dates back to the days when they were both mayors, Rolph at San Francisco.

"I have been working at law for many years but have not practiced for the last five," Mayor Walker said on his arrival. "But I shall appear solely as a lawyer in this case."

The mayor endorsed California as a whole and San Francisco specifically for the democratic convention of 1932.

His plans, he said, must remain "vague" at least for a time. He has not decided whether he shall visit Mooney at San Quentin before the hearing.

The mayor's well-known sartorial elegance was in evidence. He arrived wearing a blue shirt of almost the shade favored by Maurice Chevalier, the French actor. However, the mayor wore a tie of darker hue, while Chevalier wears tie and shirt of the same color.

MRS. MAUD COSSAR.

## LAST RITES TODAY FOR SAM SMALL

Burial of Beloved Editor  
To Take Place in Arlington Cemetery.

WASHINGTON, Nov. 24.—Historic Arlington, the resting place of heroes, tomorrow will receive the ashes of another great man when the cremated body of Dr. Samuel White Small is placed in a vault of honor. For a half century and more Dr. Small has been editorial writer and political commentator for The Atlanta Constitution.

Perhaps it was one of Dr. Small's great desires to rest in the most famous burial ground of a nation, near the city upon which he kept an eagle eye upon the doings of congress and reported the activities of a nation's government. For years he had been known as one of the sages of Washington.

Dr. Small died Saturday in Atlanta after months of illness had weakened his body but which had failed to weaken his mighty intellect. The body arrived in Washington Monday and was cremated for burial Tuesday. Services in Atlanta Sunday were presided over by Dr. Louis D. Newton, friend and spiritual associate of the noted journalist. Attending were men and women from all walks of life and of all ages.

The life of Dr. Small, who died in his eighty-first year, had been marked by unusual and brilliant exploits. Born in Knoxville, Tenn., he was educated there in the public schools, later attending Emory and Henry University. Following the War Between the States, Dr. Small, who had been an enlisted reserve at the age of 14, es-

tablished a weekly newspaper. There followed years of activity in Texas and Oklahoma in the newspaper field. When the Spanish-American War broke out Dr. Small enlisted, was commissioned as a captain-chaplain and saw service in Cuba. At the time of his death he was national chaplain of the Spanish-American War Veterans.

For more than 50 years he had been on the staff of The Constitution and had earned a name for himself as one of the greatest political experts in the country. His column in that paper, "Looking and Listening," became a newspaper classic and his fame had extended to all parts of the nation.

## CHRISTMAS SEALS GO ON SALE HERE

### Tuberculosis Association Begins 1931 Activities. New Pattern Used.

The visible spirit of Christmas, gay and hearty, gleamed in many a vantage point about Atlanta Tuesday. It appeared in posters announcing that the Christmas seals of 1931 were available, and that once again Atlantans were to be offered the opportunity to provide funds in the age-old war of humanity against tuberculosis.

The mail sale of the 1931 seals began Tuesday from headquarters of the Tuberculosis Association at 286 Forrest avenue, and the direct general sale will begin later from booths and sales everywhere.

Each year for the last 25 an interest has attached to the design of the Christmas seals with the double-headed Red Cross of the Tuberculosis Association. This year there is, as usual, a new and unique pattern, depicting a stage coach filled with a gay company as it rolls up to the door of a wayside inn—the embodiment of hospitality and comradeship of the old-fashioned yuletide.

The 1931 seals are announced as typifying "a growing victorious campaign" in the fight against tuberculosis. Their local sale, at one cent each, helps provide funds for operation of the Atlanta Tuberculosis Association, which last year accomplished the remarkable record of serving 2,897 tubercular patients in Fulton, DeKalb, Campbell and Milton counties, besides giving nursing and remedial care to 46 patients in 11 other counties.

**Outline of Service.**

"Year by year our preventive program grows stronger," said the announcement of the seal sale by the Atlanta Tuberculosis Association. "The skin test for detecting tuberculosis infection in children, the in-

### 3 Bottles of Home Brew Are Offered to Needy

SAN DIEGO, Cal., Nov. 24.—(UP)—School children of San Diego were urged recently to make donations of food for the city's poor on Thanksgiving.

The packages the children took to their schools were transferred today to Associated Charities headquarters and opened. One, wrapped neatly in brown paper, yielded three bottles of home brew.

Increased use of X-rays, the intelligent early treatment, the common sense application of health education, are all factors which have helped increase the number of cured cases and provided protection to the community.

Miss Mary Dickinson, executive secretary of the Atlanta association, explained that eight nurses work in the clinics and give home nursing to about 1,500 families each year. A health education service also is maintained, with a worker to furnish literature, give health talks, conduct classes in colleges, public schools, and promote preventive programs through all types of community organizations. Funds for operation of the association are obtained also through the Community Chest and public tax funds.

**C. F. REEVES HURT  
IN MYSTERY CRASH**

A mystery auto crash accounted for severe injuries and a possible fractured skull to C. F. Reeves, of 54 Fulton avenue, prominent Atlanta accountant, who was on his way to Chattanooga Tuesday morning when his car was smashed against sides of an underpass on Marietta road, beyond the river. A passing motorist found the wrecked car and Reeves unconscious under the steering wheel. Reeves, who was in no condition to give an account of the crash, was carried to Grady hospital and later moved to Piedmont. Police who investigated said they believed he went to sleep while driving and lost control of the car.

**BUENOS AIRES CHOSEN

VATICAN CITY, Nov. 24.—(AP)—The Eucharistic congress for 1934 will be held in Buenos Aires, it was officially announced today.

The pope likewise approved the holding of the 1932 congress in Dublin.

### Harold McCormick Paying Court Again to Long Divorced Wife

CHICAGO, Nov. 24.—(UP)—Social leaders were affluently tonight over "romantic gestures" which indicated to them that Harold F. McCormick, the "harvester king," again is paying court to his first wife, Mrs. Edith Rockefeller McCormick.

McCormick obtained a divorce only last month from Ganna Walska, Polish beauty, whom he married in Paris in 1922. He aided her gallantly in her many attempts to become an opera star, but her voice found little favor. They have been separated for the last three years.

The society editors reported, and the social leaders read eagerly, how McCormick had been seen visiting the opera box of the first Mrs. McCormick, daughter of John D. Rockefeller. McCormick kissed her hand, said the editors.

It was the second trial for Pantages. He was convicted of assault in October, 1929, and sentenced to from 1 to 50 years. The state supreme court granted him a retrial on the ground the first trial judge erred in barring testimony relating to Miss Pringle's motives and reputation.

**PANTAGES CASE  
GIVEN TO JURY**

LOS ANGELES, Nov. 24.—(AP)—The case of Alexander Pantages, theater magnate, accused of attacking Eunice Pringle, young dancer, was given to a jury in the court of Superior Judge Clair S. Tappan tonight.

**CARPET COMPANY  
PLANS EXPANSION**

Plans for the opening of southeastern headquarters here by the Bigelow-Saward Carpet Company, of New York, with show rooms and offices in the Rhodes building and the Rhodes

The expansion program of the carpet company includes branch offices in Jacksonville, Fla.; New Orleans, and High Point, N. C., under the direction of Mr. Lang. This movement follows the purchase of the Lang & Foote Carpet Company by the Bigelow interests, and the consolidation of this combination with Mr. Lang's southern organization.

The new company here will be represented by Mr. Lang as its head; John J. Ellis, head salesman; W. A. Eubank, manager of the New Orleans branch; R. H. Fritz, formerly with the Lang-Foote Company, as contract and carpet sales manager, and J. W. Vann, formerly of Lang & Foote, Atlanta sales manager.

Dr. Bradley is well known here to the elder generation, having been pastor of the Trinity church for four years up to the time he left Atlanta, 26 years ago, to fill the pulpit of the St. John's church in St. Louis. Previous to 1901 he was a professor of natural sciences at Emory University. He has been given many high offices and honors in civil and social service fields and is the author of "Christianity As Taught By Christ."

### FIVE-DAY WEEK PLAN DISCARDED BY RUSSIA

MOSCOW, Nov. 24.—(AP)—Abandonment of the five-day uninterrupted week, which soviet Russia adopted last year in an effort to speed up production, and substitution of a six-day interrupted week was authorized Monday by the council of people's commissars.

Working hours were reduced at the same time from 6 1/2 hours to 6 hours daily to compensate for the loss of time off.

The measure, which becomes effective December 1, the decree explained, was aimed at "correcting defects" encountered in the uninterrupted week. The action was regarded here as the most important since the introduction of the piecework system of wages.

The new working week will apply to all enterprises and offices, except

### Is Robbed of \$1,000 Bank in Ochlocknee

THOMASVILLE, Ga., Nov. 24.—(AP)—Three unmasked white men held up the Bank of Ochlocknee, ten miles from here, late today and escaped with more than \$1,000.

Entering the bank when Miss Esther Cardin, assistant cashier, was alone, the men calmly demanded all available money, and drove off in an automobile.

The three men were described as being young, and well dressed. Armed groups of men formed to search for them.

Those directly connected with serving the cultural and living needs of the population, such as co-operative stores, dining halls and transportation.

One of the most significant features of the new ruling was the introduction of a common day off. Under the five-day week, days off varied according to shifts, individual preferences and industries.

## The choice of a connoisseur

Discover the owner of this watch and you will find her more than a person of property; you will find her a person of culture and discrimination...Discover the user of Pebecco Tooth Paste and you will find the same fine appreciative sense.

For it is a fact that Pebecco gains its users only from the thinking classes—rarely from people using tooth paste for the first time. Those who have had a primary schooling with the superficial type of tooth pastes are graduated to Pebecco. They come to realize that all the meaningless flavors and advertising claims in the world cannot help their teeth—that it is what is in the tooth paste that counts!

Of every tube of Pebecco, 40% is an ingredient (too costly for any other to use) vital in oral hygiene. Instantly its distinctive tang tells you it is really cleaning...thoroughly. Instantly your teeth will not only be clean but will feel clean. Instantly you will enjoy a remarkably cool mouth comfort.

You played "follow the leader" long years ago as a child. But today you do your own thinking. Why not do it in this matter of a personal dentifrice?

A Product of LEHN & FINK, Inc., Bloomfield, N. J.

Pebecco is the MOST EXPENSIVE tooth paste in the world to make. But its cost to you is no higher than that of the average dentifrice.

# Time Yet To Study Proverbs Pictures; \$2,300 Prize Total

**Solutions Can Be Changed; Care Should Be Exercised.**

**BY THE PROVERB CONTEST EDITOR.**

"Be sure you're right, then go ahead," is a proverb distributed to early settlers of the southeast, whose homespun philosophy and epigrams stressed the wisdom of thorough preparation. This sagacious counsel should be weighed by the players in The Constitution's \$2,300 proverb game. Before turning in their sets of pictures, and a final decision should be sure or reasonably certain that they're right.

Proverb players who are confident of the accuracy of their solutions may submit their sets at once. Others can re-study the pictures in their leisure moments, because the final deadline is still more than a week removed.

Now is the time for contestants who are doubtful about their answers to make whatever changes are needed. Once the sets are submitted they cannot be returned for corrections. Forethought is, therefore, important.

## Questions and Answers

**Many But Not All.**

Question: "Are the correct answers for pictures Nos. 38, 42 and 67 on the free list of 2,000 proverbs? Mrs. A. C. L."

Answer: The solutions for the first 25 pictures, and for several of the others, may be found on the list of 2,000 proverbs. The P. E. is not permitted to specify which pictures beyond No. 25 have solutions there.

**Such Jostling!**  
"I was charmed with your picture. Your kind, benevolent face is very interesting. It makes me wish to talk with you and have you discuss with me the past hundred years. Am surprised you entered with such enthusiasm into the game at Athens that you lost your wonderful whiskers which must have taken you at least three-quarters of a century to grow! And your dear little kewanee curls—I am afraid you will never be able to grow them again! Age is marvelous when one can hold such a position at your age. P. E. I understand that Parker's hair balsam is most effective. Mrs. T. H. E. Eastman, Ga."

**First-Class Mail.**  
Question: "If I don't seal the envelope when mailing in my proverb set will I have to put first-class postage on it? Mrs. J. R. E."

Answer: Whether sealed or unsealed, envelopes and packages containing proverb sets must be sent by first-class mail. They are not mailable under any other classification. Contestants' names and addresses should be plainly marked on envelopes and packages to insure return in the event of mis-direction.

Note to an East Atlanta contestant whose initials appear to be W. K. A.: No street address was signed to your letter, and your name, if the old P. E. reads it correctly, is not listed in the city directory. If you'll write again, giving your address, the P. E. will gladly and promptly reply.

## MOORE TO OPPOSE EDWIN F. JOHNSON

Guy A. Moore, for more than half a dozen years connected with the office of the county tax receiver, Tuesday announced his candidacy for the

GUY A. MOORE.

post to succeed Edwin F. Johnson, incumbent, subject to the county primary to be held next March.

Moore was affiliated with the office during the incumbency of W. H. Abbott, former receiver, and in his announcement said he is thoroughly conversant with the duties the position requires.

For several years he was a teacher at Boys' High school, and left that post to enter the military service during the World War, where he served abroad with American forces. After the war he was principal of Fulton High school and relinquished that position to take a proffered place with Abbott. He is a member of the West End Baptist church, a Mason and a member of the American Legion.

## Paul Blanshard Here To Deliver Series of Lectures

Paul Blanshard, prominent speaker and writer, will visit Atlanta to give a series of lectures beginning tonight and ending Monday afternoon. Mr. Blanshard has traveled extensively and has made a wide study of economics and sociology. He lived in Italy under the Mussolini regime, twice visited China during the Chinese revolution, and studied conditions in Russia from Vladivostok to Leningrad. He now is acting in the dual capacity of special lecturer for the League for Industrial Democracy and director of a new organization for civic reform, the city affairs committee of New York.

Mr. Blanshard begins his series of lectures at 7:30 o'clock tonight when he addresses the Federation of Trades in the Labor temple on "International Economics and the Next War." He will address the students of Emory University at 10 o'clock Friday morning and he will give his principal address to the Atlanta Forum Association at 3 o'clock Sunday afternoon in the Central Congregational church. His subject will be "Racketeering High and Low."

Mr. Blanshard will end his series at 4:15 o'clock Monday afternoon when he speaks to the students of Agnes Scott College on "Bernard Shaw and Socialism."

## ONLY \$450 NEEDED FOR COLORED WARD

A citywide health rally and mass meeting will be held at First Congregational church at Houston and Courtland streets Sunday afternoon to intensify interest in the efforts being made to complete a \$6,000 fund for immediate establishment of a colored children's ward at Battle Hill sanitarium. Only \$450 remains to be subscribed before work on the building can start.

Of which half will be contributed by the city and county and the remainder by public subscription. J. Frank Beck, chairman of city council's hospitals and charities committee, is seeking to include the item in the 1932 finance report, and for that reason immediate completion of the public subscription is sought, those in charge of the campaign said Tuesday.

Every minister in the city has been requested to make appeal for the fund and all teachers have been asked to contribute. Those on the campaign committee are Thomas H. Slater, R. P. King, C. A. Spence, E. L. Williams, E. S. Butler, Unedea Fitzpatrick, Charles W. Powell and Geikie

# SHRINERS TO ATTEND MACON MOSQUE RITES

**Hundreds of Atlantans Will Take Part in Dedication Thursday.**

Atlanta Shriners Thursday again will don red fez and oriental splendor to aid in the ceremony dedicating the new Al Sifah Temple in Macon, which thousands of southern Shriners will attend. Hundreds of Atlantans, more than 250 of them in uniform, will journey to Macon under the leadership of Illustrious Potentate R. N. Fickett Jr. to take part in the Thanksgiving Day celebration.

A program of entertainment for the entire day has been planned by the Macon Shriners for the dedication ceremonies, which include a vaudeville performance at the municipal auditorium, a banquet at 6:30 o'clock at

the Hotel Dempsey and a buffet supper at the new temple at the same hour. Concerts by visiting bands will be given throughout the day, and a reception for ladies will be held at the new mosque.

The Macon potentate has issued an invitation to Atlanta's 4,000 resident Shriners to attend, and it is thought that a large number will be on hand for the celebration. The local representatives will leave at 8 o'clock Thursday on a special Southern railway train from the Terminal station. The group will return Thursday night, leaving Macon at 10 o'clock, Atlanta time, and arriving at midnight.

The "Million-Dollar Shrine Band" will be one of the uniformed bodies at the ceremonies, and, with other visiting bands, will parade in Macon at 2:30 o'clock in the afternoon. A formal reception and dance will be given at the mosque beginning at 9 o'clock, it was said.

## CHURCH WILL DINE ON TURKEY TONIGHT

The Men's Service League of the Second Baptist church will be host to the members of the church at a complimentary turkey dinner at 6:30 o'clock tonight in the main restaurant on the sixth floor of Davison-Paxon Company.

The dinner was originally planned to have been held in the church, but the large number of people responding to invitations made it necessary to find larger quarters for the dinner, according to Colonel F. J. Paxon.

## AMENDMENTS ASKED IN RESERVE CONTROL

### Board Recommends Changes To Protect Deposits During Boom Periods.

WASHINGTON, Nov. 24.—(AP)—Changes in the reserve requirements of federal reserve member banks which would act as a brake on speculative excesses were recommended to the federal reserve board today by a committee which has been studying the subject.

At present, all member banks must carry a 3 per cent reserve against time deposits, 15 per cent against demand deposits at central reserve city banks, 10 per cent at reserve city banks and 7 per cent at the so-called country banks.

The new proposals by the committee on bank reserves of the federal reserve system urge that these distinctions be dropped. Instead, they recommended all member banks be required to carry a reserve of 5 per cent against their net deposits and in addition a reserve equal to 50 per cent of the average daily turnover of deposits with a maximum total reserve of 15 per cent of gross deposits.

The proposed change in the federal reserve law, the committee said, would require banks during speculative booms to carry heavier reserves than in the past. The farm real estate boom of 1919-20, Florida real estate speculation a few years ago, and the stock market boom of 1928 and 1929 were mentioned in this connection.

The committee urged that the law be amended so that cash in a bank's vault could be included in the reserves and reserves would thus be defined as balances carried with federal reserve banks and cash in the vault.

Prior to 1917, member banks counted cash in their vaults as part of the reserves, but this was eliminated in 1917 and only balances with federal reserve banks included as reserves.

The committee said the present requirements for reserves had never functioned effectively since its adoption in 1914.

"It has not operated to relate the expansion of member bank credit to the needs of trade and industry, nor has it adequately reflected changes in volume and activity of member bank credit," it said. Furthermore, the committee also finds that present requirements for reserves are inequitable and unfair as between individual member banks and groups of member banks.

The committee also recommended that in determining net deposits the banks be permitted to subtract from gross deposits the sum of all balances due from other banks in this country, checks in process of collection and other cash items payable upon presentation in the United States.

At present, deductions may only be made from deposits held by one member bank to the credit of another bank.

Under the method proposed by the committee, it said, "the aggregate reserve requirements of member banks would have increased sharply during the speculative period in 1928 and 1929 and would have decreased by approximately an equal amount in the following two years of business depression."

The increase would have been concentrated largely at banks whose customers were trading heavily in securities and consequently would have had a restraining influence on speculative conditions.

The committee said the present law favored banks in reserve centers with ready access to the federal reserve banks to secure cash quickly when needed.

## Donation of Blood To Sick Relative Fatal to Atlantian

After heroic sacrifice of blood so that a kinsman's life might be saved, an Atlanta man died Tuesday as the indirect result of the transfusion, while the relative was well on the road to recovery.

Several days ago E. B. Riley, 37, of 497 Hill street, the father of four children, answered the call for blood donors in a transfusion to save the life of his 21-year-old brother-in-law, Charles Guthrie, of the same address. Following the transfusion the younger man rallied and gained strength, which removed him from the shadow of death.

On the day after the transfusion, Riley was stricken with acute appendicitis. Taken to Grady hospital, it was found necessary at once to operate, but his gift of blood to his brother-in-law had so weakened him that surgeons informed him he probably would die as the result.

Still considerate of his young relative's condition, Riley made one request of the attendants.

"Please," he said, "don't tell Charles."

Death occurred Tuesday morning. Guthrie was then reported out of danger.

Funeral arrangements are under the direction of H. M. Patterson & Son, and will be announced later.

## REWARDS OFFERED IN VARIOUS CRIMES

It was "reward day" in the governor's office Tuesday.

Directly upon his return from the Southern Cotton conference Governor Russell announced that a reward of \$50 has been established for the apprehension of anyone setting fire to the state's timber lands.

The chief executive had received information from district foresters who have been on duty in the fire area in south Georgia for the past week, that there were indications of incendiarism in several instances.

Executive Secretary Hay announced that rewards had been offered in the case of a missing banker and two murder cases.

The governor offered \$100 for the apprehension of Paul N. Waite, missing Doerun private banker, who disappeared November 14, state authorities said, with funds and important papers of his bank.

He offered \$150 for the arrest of Jack Norman, charged with the slaying of Randolph Van Wagner in Habersham county last month.

The other reward was also for \$150 for the arrest of the unknown slayer or slayers of Leroy Davis near Bartow, in Jefferson county.

LELAND ZACHARY  
GIVEN 20 YEARS

Woman's Slayer Allowed  
To Enter Plea to Voluntary Manslaughter.

Leland Q. Zachary, slated to go on trial Tuesday on a charge of murdering Mrs. Effie M. Cook, wife of J. W. Cook, 1062 Wylie street, on September 8, Tuesday afternoon was allowed to enter a plea of guilty to voluntary manslaughter before Judge Edgar E. Pomeroy in superior court. He was given a sentence of 20 years.

The plea came after a conference with the defense counsel, the state, represented by Assistant Solicitor-General Ed A. Stephens, the defendant, and Judge Pomeroy. The conference was held in the office of the judge, and Zachary was led before him to plead guilty. He was given the maximum penalty.

Zachary was said to have shot Mrs. Cook in her home shortly after breakfast on the morning of September 8, and to have walked into a neighborhood store and remarked that he had killed the woman. He is then said to have called an ambulance, and to have awaited the arrival of officers to whom he surrendered, saying that he had shot her because she had taken his home money received by virtue of his being a World War veteran.

His case had been set for trial on a number of occasions but postponed for various reasons. It was to have come up Monday but was postponed until the state's principal witness, Baxter Worley, who was missing, could be located. Worley was at the courthouse Tuesday ready to testify when the plea was made.

MEXICO WILL CLAIM  
DAMAGES IN DEATHS

MEXICO CITY, Nov. 24.—(AP)—Foreign Secretary Estrada tonight said Mexico intends to claim damages against the United States as a result of the killing last June of two Mexican students at Ardmore, Okla.

"With regard to the crime at Ardmore, Okla.," the secretary's statement said, "where two Mexican students, one a cousin of the president of Mexico, were assassinated by two deputy sheriffs of Ardmore, Oklahoma, the government of Mexico declares the following:

"That the government of Mexico has sent new instructions to its embassy in Washington with the intention of later claiming damages of a civil nature because of the above-mentioned crimes.

"At the same time the government expects to receive reports on this matter which have been requested from the United States regarding the trial and acquittal of the assassins.

"It is also expected that at any moment further information will be received here which will aid the Mexican government in establishing a criterion in this case."

William E. Guess and Cecil Crosby, former deputy sheriffs, were acquitted at Ardmore Sunday of charges of murder, which followed the fatal shooting of Emilio Ortiz Rubio, kinsman of President Ortiz Rubio, and Manuel Garcia Gomez, last June 19.

In a bulletin issued at S. M. Dr. Miller said:

"Governor Taylor is considerably weaker this morning. The end is only a question of time, and probably will come within 24 to 36 hours. He has been in a coma the past 24 hours, failing to recognize anyone."

## THOMAS OFFERS ALIBI IN KILLING AT JESUP

Son of Late Judge Claims  
He Was Not in City at  
Time of Murder.

JESUP, Ga., Nov. 24.—(AP)—Before the largest crowd of spectators in the history of Wayne county superior court, the trial Tuesday of Morrison Thomas, charged with slaying C. W. Madry, was well under way, the state resting in late afternoon and the defense offering several witnesses before court recessed.

The defendant is the son of the late Judge James R. Thomas, who was slain by Madry during an altercation starting from a political argument.

Madry was killed May 16, 1931, three years after the death of the defendant's father.

Six panels of jurors were exhausted before a jury was impaneled. Seven farmers, one lumberman, one cabinet maker, a manufacturer and one mechanic now constitute the jury.

Judge J. Saxton Daniel, of the Atlantic judicial circuit, is presiding over the trial. The prosecution is by Attorney Joseph H. Thomas, of the Brunswick judicial circuit.

The state offered witnesses Tuesday who testified that they saw Morrison Thomas at, or near, the scene of the slaying at the time it was committed. The defense offered testimony to show Thomas was not in the city at the time of the crime.

State's witnesses included W. D. Donaldson, Mrs. Carolyn Donaldson, Dr. T. C. Rife, Sheriff L. W. Rogers, Mrs. W. G. Darden, Leon Dukes, Jim Iye and Mrs. B. B. Dent.

J. H. Giller, at whose place of business the crime was committed, testified that the man he saw was much taller than the defendant. Miss Ruth Thomas all her life; that she was "very near the man in question" and that "it was not Thomas."

Other witnesses for the defense testifying today included Ernest Strickland, Jesse Weitzman, James D. Harper, Mrs. Daisy Thomas Thompson, sister of the defendant; Miss Ruth Thomas, Miss Antoinette Rhoden, Harry Lee Anderson and Earl Barnard.

Solicitor W. Ben Gibbs is assisted in the prosecution by Judge M. P. Priebe of Ludowici, while the defense is represented by Mayor Ed Rivers, of Lakeland, and Judge J. P. Highsmith, of Buxley.

**MRS. BURKS' FUNERAL  
CONDUCTED IN MACON**

MACON, Ga., Nov. 24.—(AP)—Funeral services for Mrs. M. M. Burks were held Tuesday at Wesleyan conservatory, where she was a familiar figure during the years she taught there.

Bishop W. N. Ainsworth, Birmingham, Ala., and Dr. Charles R. Jenkins, Savannah, both former presidents, and Dr. G. E. Ross, professor of Biblical literature in the college, conducted the services.

Officials, teachers, students and alumni of the college gathered to pay final tribute to Mrs. Burks. She had been retired about 10 years and was 70 years old. She formerly occupied the chair of English at Wesleyan.

Mrs. Burks was a member of the Wesleyan faculty from 1890 until 1921. She lived after her retirement with her daughter, Miss Margie Burks, in Memphis, Tenn.

## 235 Divorce Cases Face Chatham County Court

SAVANNAH, Ga., Nov. 24.—(AP)—The calendar for Judge Meldrum in Chatham superior court for December lists 235 divorce, alimony and annulment cases to be handled in the four days December 8-11. Court officers said it was a local record for number of marital cases. Three cases usually are enough to handle such litigation.

## SOCIETY OF CINCINNATI WILL MEET APRIL 7-9

SAVANNAH, Ga., Nov. 24.—(AP)—The Society of the Cincinnati will hold its triennial convention in Savannah next April 7, 8 and 9.

The society is composed of the state societies of the 13 original states and that of the republic of France. The convention will include the general officers of the society and five delegates from each of the 14 subsidiary societies.

Tentative plans are for a meeting on each of the three days at the municipal auditorium, each meeting to be followed by a luncheon or pilgrimage to some historic point. Mulberry Grove, the home of General Nathaniel Greene, will undoubtedly be visited and it is probable that an old-fashioned Georgia barbecue will be held there. A trip to the mouth of the Savannah river to view the forts is another probability, provided the government has a vessel to take the members of the society. A visit to Wormsloe and the ruins of the old fort is also to be looked forward to.

The two United States senators from Georgia, the governor of the state, and the mayor of Savannah will be honored guests.

This is the first time that the Georgia society has had the privilege of being host to the general society. The society in France always sends as its delegates men who have attained prominence in the several walks of life.

Within a few weeks the Georgia society, of which George Noble Jones is president, will select committees to take charge of the various features in connection with the convention.

## TESTIMONY COMPLETED IN PHENIX CITY TRIAL

Sheriff, on Stand, Defends  
Himself Against Rum  
Charges.

OPELIKA, Ala., Nov. 24.—(AP)—Offering of testimony in the trial of 35 persons charged with conspiracy to violate the national prohibition laws was concluded in United States district court here shortly after noon Tuesday and Judge Charles S. Kennard, presiding, tentatively limited arguments to two and a half hours for each side.

O. O. Gay, Phenix City chief of police, was the last witness and testified Albert Howard, Dan Dozier, Bennett and Carl Green, government witnesses, two of whom have entered pleas of guilty in conspiracy cases, were good reputations and character in Phenix City.

On cross-examination, Gay described Green as "an honest bootlegger as I have ever seen" and said despite a record for desertion from the army, Howard was a "truthful man" as there was in "Girard," and making a good officer.

A title in the crowded courtroom on Gay's description of Green brought from Judge Kennard the warning that the next person who laughed would be removed from the courtroom. "We are not running a vaudeville show here. This is a serious matter."

**Sheriff on Stand.**  
Sheriff H. J. Flanders of Calhoun county, Florida, told the court he had sold liquor "back two or three years ago and could have sold some" to Dan Dozier, Bennett, a Phenix City, Ala., "big dealer," he said.

The government has contended that Flanders sold Jennett large quantities of liquor that was carried into Calhoun county, Fla., for distribution.

The admission that he entered pleas of guilty to possession of liquor in federal court at Pensacola, Fla., was made by Sheriff Flanders after the government's indictments were offered as evidence.

A notice appearing in a Blountstown, Fla., paper after an election in Phenix City, Ala., in 1929, that Flanders' signature was introduced and read in part:

"Friends who may be 'shiners' who want me to let you know before I make a raid had better take this from me now. Clean up and quit, for I know not when or where I may go. I don't want ever to see you again. Let the past be the past. I will not double-cross you, but I will catch you when I feel it my duty to do so."

**Pastor Testifies.**  
Four Blountstown citizens, including the Rev. Henry Almon, pastor of the First Baptist church, testified to the good standing and reputation of Sheriff Flanders despite his record of possessing liquor.

Will Dozier, a local liquor dealer, testified that Flanders dealt in liquor but that he had no faith in Mr. Flanders' testimony.

Johnson said Freeman told him of his indictment and wanted money, saying he could "handle Palmer" but that he did not trust him, he said. Johnson did not identify Palmer as a government agent. The defendant also said he heard that Freeman told Clarence Clegg "he had to lay the stick on me to get himself out" and he could get him (Clegg) out if he would testify against me.

Two witnesses were called in Johnson's behalf, one to testify the still was not on his property and the other, a negro domestic, that she never saw a still worn about the place.

Whisky taken from the Phenix City jail again became the subject of testimony. S. L. Harris, Columbus, Ga., chemist, testifying he rendered some quantities of confiscated liquor unpalatable so that it could be used as anti-freeze in automobile radiators. Harris also testified he analyzed confiscated home brew at the request of J. M. Blair, former Phenix City chief of police and a defendant.

Howard Smith was recalled and under questioning by defense counsel denied testimony of Carl Green that he had seen Smith pay \$300 to Harry C. Edwards or Willie T. Edwards for liquor. The Edwards brothers are defendants and are charged with operating a 2,000-gallon still.

MACON, Ga., Nov. 24.—(AP)—Sam H. Haddock Sr., 60, for many years identified with the clothing business in Macon, died in a hospital here Tuesday night from what doctors reported to the coroner as "quick poison."

Members of the family said that they found Mr. Haddock suffering severe pain at 5:30 o'clock. They also said they found a note, which told of his effort at suicide. Mr. Haddock was taken to a hospital, where he lived only a short time.

The coroner said that it would not be necessary to hold an inquest, "as the note explained all."

Mr. Haddock was a member of a prominent Jones county family, for whom the town of Haddock was named.

The family said he had been in ill health for a long time.

**CHEST CLINIC PLANNED

**3 MINUTE  
relief from  
PERIODICAL PAINS**

Month after month some women suffer from periodical pains, but those who know simply go to a drug store or soda fountain, get a package or dose of "B-C" and get perfect relief in minutes, continuing their duties in pain-free, easy comfort.

"B-C" is the formula of two North Carolina druggists, contains several ingredients that function together for the relief of headache, neuralgia and periodical pains, accomplishing in a few minutes what other formulas can do under 1 to 3 hours.

"B-C" stops the pain, quiets the nerves, is perfectly harmless, and other preparation like it. Nothing else gives such profound relief. Ask your druggist, he knows.

## RUTH BRYAN OWEN VISITS GOV. ROOSEVELT

No Inking Given on Subject  
of Discussion at Warm  
Springs.

BY BEN F. MEYER.  
WARM SPRINGS, Ga., Nov. 24.—(AP)—Mrs. Ruth Bryan Owen, Florida member of congress, chatted with Governor Franklin D. Roosevelt, of New York, here Tuesday for some time, but after the visit neither would comment on their conversation.

No inking was given of what was discussed between the daughter of William Jennings Bryan, who several times sought the presidency of the United States, and Governor Roosevelt, who is prominently mentioned as the possible democratic presidential nominee.

Reporters saw them as they drove away from the Warm Springs pool, Roosevelt at the wheel of his small touring car and Mrs. Owen beside him.

"Will you say what you and Mrs. Owen have discussed?" Roosevelt was asked.

The governor laughed and said it was "just a social visit." Then he added, "and politics was banned."

Mrs. Owen and Mrs. Roosevelt visited for some time and the visitor remained at the Roosevelt vacation cottage for lunch, after which she accompanied Mrs. Roosevelt by motor to Atlanta. Mrs. Roosevelt went to meet her daughter, Mrs. Curtis Dall, and Mr. Dall, of North Tarrytown, N. Y., who were on their way home for a visit. Mrs. Owen expected to continue on to Washington.

Another visitor at the Roosevelt cottage was R. C. Fryer, merchant and farmer of nearby Woodland, Ga., in Tallapoosa county. Before going to the cottage he said: "I believe Roosevelt is the man of destiny to lead the democratic party to victory. He appears to be the choice of democratic party over for the presidential nomination."

He pointed to the published statement this morning of Senator Dill, of Washington, who said he believed 90 per cent of the delegates to the next democratic national convention would be supporting Roosevelt. Fryer was accompanied by his daughters, Helen Fryer, of Savannah, and Mrs. Martha Watts, of Montgomery, Ala.

He said farmers of his section were increasing their plantings of food and feed stuffs. He said he believed the farmers of the state generally approved the stand of Governor Russell, of Georgia, on the cotton question.

Warm Springs' gala event of the year will be held here Thursday night when Governor Roosevelt will make his annual talk at the Thanksgiving night dinner of the Georgia Warm Springs Foundation.

The annual Thanksgiving dinner is the one big event of the year for the patients of the foundation which has been organized for the treatment of persons suffering from the after-effects of infantile paralysis.

At each dinner the patients hail the man they call "The Chief" and he makes an informal address, reviewing the work of the foundation during the past year and its ambitions for the future. The governor, who is president of the foundation, is here on a vacation.

From the cottages which dot the foundation property, the patients come each Thanksgiving night to an inn where they take part in the festivities of the dinner.

The governor has been a frequent visitor since he first came in 1924 to take the baths and exercises in the Warm Springs pools.

Employees of the foundation and

Thirty more jurors were summoned for Wednesday morning. Not a juror was in the box Tuesday night when court recessed.

## Freeze Moving Into Dixie As Sun Beams on Rockies

**Brisk Weather Promised  
on Eastern Seaboard for  
Holiday Season; Snow-  
fall Ceases in West.**

KANSAS CITY, Nov. 24.—(P)—Brisk Thanksgiving weather, with probable fixings of snow here and there, was in the making for states east of the Mississippi river tonight as the west's severe cold wave marched along.

The frigid weather, continued on the Pacific coast, in the Rocky Mountain region and in the Mississippi valley states with a promise that by the holiday season high temperatures would be routed even along the Atlantic seaboard.

Minnesota and North Dakota bore the brunt today of a blizzard headed in the direction of the upper Great Lakes region. Strong winds whipped the heavy snow in near zero temperatures, blocking many highways and delaying trains.

The snow had ceased in the Rockies, but drifting caused trouble to motorists and railroad crews. Sunshine replaced the stormy weather which set in late last week. The heavy deposits of snow were welcome to provide water for irrigation next year.

Low temperatures in the west ranged from 6 below zero at Modena, Utah, to zero at Flagstaff, Ariz., 8 above at Baker, Ore., 40 at Los Angeles, 6 above at Kalispell, Mont., and 2 above at Minot, N. D.

The freezing weather that had centered in the Texas panhandle was moving east toward Dixie.

Ice broke down 1,000 telephone poles in the vicinity of David City, Nebraska.

Heavy rains swelling tributaries of the Missouri river, to flood stage poured the greatest volume of water into the "Big Muddy" since 1920, and was hailed by government engineers who have been waiting for high water to scour out a navigable channel from Kansas City to the Mississippi. They said the flow would be of great aid in completing the harnessing of the stream.

Chicago, which had a record temperature of 60.4 yesterday, looked for a drop of 22 degrees tonight. Cleveland expected freezing weather by tomorrow and there was a chance for snow flurries at Detroit.

### EXTENSION GIVEN LEA FOR APPEAL

RALEIGH, N. C., Nov. 24.—(P)—The North Carolina supreme court today granted Luke Lea and Luke Lea Jr., Nashville (Tenn.) publishers, and Wallace B. Davis, Asheville banker, convicted in Buncombe county in connection with the \$150,000 failure of the Central Bank and Trust Company, of Asheville, an extension of time for filing and arguing their appeals.

The cases originally were scheduled to be argued December 8, and the court today set February 9 as the date.

Under the extension, the defense has until January 10 to file its brief and the state until February 1.

The court also took under advisement a motion to extend the time each side is allowed to present its argument. Under regular supreme court procedure arguments are restricted to 30 minutes for each side.

Defense attorneys, recalling the length of the trials at Asheville, asked the court to take this into consideration and allow more time for the supreme court arguments. They estimated it will require at least a day or two to sufficiently present the case.

### THOMAS TAGGART TAKES UP POLITICS

INDIANAPOLIS, Nov. 24.—(P)—Another Taggart from Indiana launched his political career today.

He is Thomas D. Taggart, French Lick hotel owner and only son of the late United States Senator Thomas Taggart, who for years was a power in the democratic party.

The son's political position is that of Indiana democratic national committeeman. The state committee elected him today by acclamation to fill the vacancy created by the death of Charles A. Greathouse.

The selection of Mr. Taggart was unopposed following the withdrawal of L. G. Ellingham, Fort Wayne publisher. Taggart, in accepting the post, read a telegram from Ellingham pledging support.

It is the first political job ever held or sought by Mr. Taggart, who is 45 years old. Politics are not new to him, however.

### RADIO OPERA PLANS VIRTUALLY COMPLETE

NEW YORK, Nov. 24.—(P)—Plans to broadcast programs of the Metropolitan Opera Company during the present season "virtually were completed today."

The National Broadcasting Company, whose engineers are drafting plans for microphone locations and a control and observation station, said installation of those necessary appointments would be started as soon as approved by the opera company officers.

Acoustical tests are expected to be under way within three weeks. As soon as possible thereafter, portions of regular performances will go on the air.

Deems Taylor, composer and music critic, has been engaged as narrator for the programs.

### CHILE ORDERS CENSUS OF WHEAT IN COUNTRY

SANTIAGO, Chile, Nov. 24.—(P)—Efforts to prevent a corner in wheat in Chile have been fairly successful, government officials believe, but a thorough census of the quantity of native wheat on hand has been ordered.

Reports of a corner began shortly after wheat prices in Chicago picked up. No foreign wheat can go into Chile, except by paying a prohibitive duty, and the home crop is supplying domestic needs, so the government sees no reason why speculation should increase Chilean prices no matter what happens to wheat abroad.

### Arkansas Court Grants First '90-Day' Divorce

LITTLE ROCK, Ark., Nov. 24.—(P)—Arkansas last, no time today in getting the state's 90-day divorce law in operation.

A decree under provisions of the law was granted at Fayetteville, and at Hot Springs, where most of the divorce business is expected to be done, the Garland County Bar Association held a "jubilee session," celebrating the supreme court's decision yesterday which upheld the law.

The lawyers also discussed upward revision of their scale of fees for divorces and appointed a committee to consider the increase. Fees now range from \$25 to \$50.

Mrs. Mary E. Wright, who came to Arkansas from Colorado, obtained the first divorce after validation of the law. Appearing before Chancellor Lee Seawater, at Fayetteville, she was granted a decree in five minutes on a charge of desertion.

## RAILS GIVEN SUPPORT BY WATERWAY GROUP

**Mississippi Valley Body To  
Aid in Move Against Re-  
capture Clause.**

ST. LOUIS, Nov. 24.—(P)—The Mississippi Valley Association, the waterway voice of shippers in 25 states, today voted to give its support to the railroads in their efforts to repeal the recapture clause of the transportation act, whereby excess railroad profits are pooled.

The move was viewed by waterway leaders as a conciliatory gesture toward the railroads, and an effort to remove the opposition of the railroads toward barge transportation.

The association, at its closing session today, also formally adopted a resolution urging congress to authorize a federal bond issue to finance the early completion of the unfinished in-

land waterway system. The association voted unanimously for the proposal yesterday.

The resolution was considered the most important step taken by the association in years, and it was approved only after a spirited fight on the floor.

The association also declared opposition to interstate commerce commission regulation of inland or coastwise port-to-port water freight rates. Colonel Robert Isham Randolph, Chicago, was elected president of the association today, succeeding W. R. Dawes, Chicago, who resigned and was named a director. Randolph, a veteran leader in waterways development, is president of the Chicago Association of Commerce and head of the "Secret Six," an anti-crime organization.

Thomas F. Cunningham, New Orleans, was re-elected vice president, and Richard S. Hawes, St. Louis, treasurer.

District vice presidents named were: W. E. Brock, Chattanooga, Tenn.; J. S. Culinan, Houston, Texas; Alex W. Dann, Pittsburgh, Pa.; Colonel Clarence B. Douglas, Tulsa, Okla.; E. T. Harris, Chicago, Ill.; W. K. Kavanaugh, St. Louis; John H. Kelly, Sioux City, Iowa; W. P. Law, Gadsden, Ala.; George B. Long-

an, Kansas City; Walter Parker, New Orleans, La.; C. F. Richardson, Sturgis, Ky.; J. A. Sunderland, Omaha, Neb., and R. P. Warner, St. Paul, Minn.

### 5 MORE TURKEYS GIVEN TO HOOVER

WASHINGTON, Nov. 24.—(P)—The before-eating theme song for President Hoover's Thanksgiving dinner today grew to crescendo volume.

For while one lone turkey gobbled in the White House cellar yesterday, six gobbled there tonight.

The five husky and protesting additions to the executive mansion's turkey bin arrived early this morning as a gift from an old friend of the Hoovers, Michael Gallagher, Cleveland coal operator.

Although there was no real prospect before, there certainly is none now that there will be any lack in the traditional American centerpiece for the last Thursday in November—turkey and potatoes.

Only a short distance away from the bird pen in the president's cellar is a bin filled to overflowing with good Maine tubers, each one scrubbed and shining.

They were delivered yesterday by young Len Hawkes, of Cumberland

Center, Maine, in an ancient farm cart drawn by two husky oxen.

Not all the birds, of course, will grace the president's table. At least one of his secretaries has served notice of an intention to capture a turkey for his table.

Probably one apiece will be given to Secretaries Lawrence Richey, Walter Newton and Theodore Joslin.

### U. S. DEFICIT PASSES \$805,000,000 MARK

## TRACTION EXECUTIVE COMMITTS SUICIDE

### Herbert B. Flowers Ends Own Life in Baltimore Undertaking Parlor.

BALTIMORE, Nov. 24.—(AP)—Herbert B. Flowers, 50, nationally known street railway executive, committed suicide here today by shooting himself through the head in the washroom of an undertaking establishment.

Friends and business acquaintances could not ascribe a motive for his act. The former traction official came here Sunday from New York, where he has been engaged in engineering since leaving New Orleans nearly two years ago after the street car strike there. He called today at the undertaking establishment to confer with Henry C. Wiedefeld, an acquaintance. After conversing with Wiedefeld for some time, he asked the way to the washroom. The door closed, Wiedefeld said, and a moment later he heard a shot. Mr. Flowers died in an ambulance on the way to a hospital. Coroner John J. Morrissey gave a verdict of suicide.

Mr. Flowers came to Baltimore in 1923 from the operating department of the Detroit United Railways to become assistant superintendent of transportation of the United Railways Company, operator of the street railway system here. He rose in the company's service until he became vice president and general manager. In 1928 Mr. Flowers left Baltimore

to become president of the New Orleans Public Service Corporation and to take active charge of the Louisiana's city street car system. In 1929 his company became embroiled in a street car strike that was marked by much violence.

He left New Orleans a short time later for another position in New York, after his wife died and his home in a fashionable section of the city was blown up mysteriously.

Friends said he had never ceased grieving over the death of his wife. Mr. Flowers was born in Detroit July 14, 1881, and his entire life was spent with public utilities. He was graduated from the College of Engineering of the University of Michigan and immediately started his career for a short time being with a telephone company before entering the street railway field.

Mr. Flowers took a prominent part in social and civic activities in both Baltimore and New Orleans, and had been living in New York at the New York Club, one of the most exclusive in the metropolis.

## RESIDENTS AWAY, THIEVES GET \$325

Sneak thieves obtained \$325 from the home of C. C. Cason, of 533 English avenue, late Tuesday afternoon during the absence of the family, according to police reports. The money was in a pocketbook belonging to Mrs. Cason. A small memorandum containing an automobile tag receipt was also missing, the couple told police.

A purse was snatched from the hand of Miss A. L. Franklin, of the Kimball house, late Tuesday afternoon as she walked in front of 145 Edgewood avenue. A young negro, apparently about 18 years old, grabbed the purse, which contained little money, and ran, Miss Franklin told police.

## Cotton Wins Seal of Approval Of Smartest Parisian Couturiers

BY MARY KNIGHT.

PARIS, Nov. 24.—(UP)—From the crude cotton boll in the open field to the fingers of a famous French couturier is a long journey, but cotton has made the trip.

It is being transformed into frocks and blouses destined to give the world something new to talk about when exhibited in Paris during January and February.

Already the Maison Worth is making cotton blouses to be worn with spring jacket suits. Edward Molyneux, English, captain-couturier in the Rue Royal, says that he used cotton two years ago with success, but that its use during these days of economic strain will be more popular.

Madame Marie-Saput Martin, who entered the Parisian dressmaking field only last January, displayed a few days ago, smart gilets and blouses of cotton with a silky stripe done in contrasting colors.

The Baron De Grafenried of Redfern's says that his house is always ready to consider and adopt anything that is new and interesting to women and that if these cotton fabrics succeed in interesting Parisian designers, as it seems certain they are, we shall find ourselves wearing elaborate, yet elegant cotton evening gowns, this spring with us grand air as any we assumed when swathed in velvets and luxurious brocades.

Fatou and Polret successfully launched the use of jersey and woolen evening gowns last season. They still are in demand.

"The use of cottons and less expensive materials in general is in keeping with the times," says N. Jean Charles Worth, "and there is no reason why they cannot be made as in-

teresting and as beautiful as modern silks and satins, organdies and linens. I, for one, shall certainly use cotton in my collection this spring."

## CHEATING CHARGED IN POLISH VOTING

WARSAW, Poland, Nov. 24.—(AP)

Testimony that there was cheating at last Sunday's by-election at Przemyśl was heard today at the trial at Brest-Litovsk of 11 former and present deputies charged with conspiring to overthrow the government.

According to the opposition, there were many irregularities on the part of the administration during the counting of the ballots. Evidence also was adduced that in the general elections of 1928 and 1930 care was taken to assure a government majority in the tabulation of the ballots.

## GROUP SEEKS REPEAL OF OHIO PROHIB LAW

Listed among the incorporators of the association as its board of trustees is Maurice Maschke, Cleveland, republican national committeeman for Ohio.

## BRIGHT FUTURE SEEN BY GOVERNOR RITCHIE

### Early Return of Prosperity Is Pictured by Maryland Executive.

RICHMOND, Va., Nov. 24.—(AP)—

Governor Albert C. Ritchie, of Maryland, declared here tonight that the fundamental impulses and virtues that made the United States a great nation would lead it back into the path of prosperity.

Speaking before the allied civic and luncheon clubs of Richmond, the Maryland executive painted a rosy picture of the future in the south through a return to these early principles.

"As we think about it all and try to figure out how we can set the necessary reconstruction forces to work, we see lowered tariffs as a means of stopping the embargo against American goods and the flight of American industry abroad and making possible the payment of our foreign debts," he declared.

"We see the permanent and just settlement of the international debt question as one of the bases for a stable world. We see general reduction in armaments as a medium to lessen taxation and threat of wars. We see the need of some provision in good times for forced unemployment in hard times. All these have a place in any real program of governmental progress.

"But what is needed more than anything else is to refer to the fundamental principles and to the ancient and homely virtues contained in the old Virginia bill of rights. 'If you apply these to the modern world, most of the social and economic maladjustments and political difficulties would start to clear up.' These bid us to quit looking to Washington so much to police us and cure everything by piling law on law, thus converting government into an overclouded machine and an overbearing tyrant. We must get back to these enduring things which have been hammered out on the forge of experience and tested in the furnace of time."

and now it can be told  
DEBUT DAY  
comes every FRIDAY

## In Love, Business College Girl Lags, Says Dr. Anderson

NEW YORK, Nov. 24.—(AP)—Whether in love or business, the college girl lags, says Dr. Roy N. Anderson, personnel investigator of teachers' college at Columbia University.

He observed that the college girls have about 20 per cent less chance to get married than have the non-campus ladies, and that girls with degrees get salaries ranging from \$350 to \$1,600, as compared with \$905 to \$2,275 earned by business and professional women.

Dr. Anderson concluded from his survey of 801 college girls in 225 schools that they ought to learn a business or profession in addition to their college education, both to make up for their reduced chances in the marriage mart and to compete with less learned women.

"After four years of mental stimulation in the classrooms and libraries of our institutions of higher learning; after four years of social life on the campus; after four years of specialized study and contact with keen-minded individuals," Dr. Anderson asks, "what may a college woman expect by way of a job?"

"It is a known fact that approximately 80 out of 100 women marry and follow the vocation of house-maker. Among the college women the percentage who marry is somewhat lower. It has been reported as from 40 to 60 per cent."

"It is evident the range of occupations upon which these college women have entered is very restricted," Dr. Anderson comments. "More than half have followed the beaten path and aligned themselves with the clerical occupations."

"What are the reasons for this? It is generally assumed that all walks of life are open to college graduates, but we must add that all are not acceptable. Jobs in manufacturing and mechanical industries and in domestic and personal service would not be considered by college graduates."

## INSTALLMENT XXII.

A sudden surge of hope filled her heart. Perhaps Jane would tell him that she, Irma, was blameless. Still that would help. Nobody could convince him that she hadn't suspected the plot and purposely made herself scarce. And what did she want exoneration for, anyhow? What did it matter what Wallace thought about her? The side of her nature that had watched Wallace pitying all evening craved vindication merely so that he would lay his head upon her shoulder and let her sympathize with him. But that was finished now. Always, through the days when she had trusted him and thought that trust returned, and through the nights when they had lain side by side, he had believed that she hated Mildred. While he kissed her, ran errands for her, supported her, all that time he had been thinking that she hated Mildred. Always, too, he had thought her love for the baby a depressing, morbidly intense manifestation. That much he had said tonight.

Too had he had married her. Too had for him. Certainly nothing but discomfort and worry had come of the marriage. The baby had given him no pleasure. He had doubted her, challenged the quality of her love for the baby and had accused her of a filthy plot against Mildred. He didn't love her. He couldn't. And certainly she didn't love him. She never had. There had been admiration and respect but never love. Well, it was over. Wallace had given her too little happiness for her to overlook his attack on her integrity. And she had brought him too much trouble for him to regret her last troublesome move. At 10 o'clock she went upstairs. Wallace had not come in yet. She wondered if he had gone to Whipples-town to search for Mildred and Scott. It was possible. As she undressed she thought she heard him on the stairs, but further attentiveness to the sound of the footfalls assured her that it was Aunt Tessie. Mildred's door was closed and Aunt Tessie walked by it naturally supposing her charge safely asleep.

Irma did not open her own door to tell of the elopement. She was no longer a part of the Graham household. Tomorrow there would be only Wallace and Aunt Tessie left.

In the morning when Irma awoke she found that Wallace had spent the night in Mildred's room and was gone again. It was just 8:30 by her clock and a mild curiosity stirred her. Had he left a half hour ahead of time for the purpose of evading her, or had business concerning Mildred called for early attention? Not that it mattered.

She dressed herself and the baby and went downstairs. There was no sign of Aunt Tessie. Irma had not expected to see her. Aunt Tessie would have heard the news from Wallace and would be prostrate with grief in the privacy of her own room. Rose was washing the early breakfast dishes when Irma entered the kitchen. She smiled at Irma, greeted the baby playfully and turned from the sink to prepare another breakfast. Rose was cheerful, reliable, and fond of the baby. The breadth of her shoulders and the strong, pleasant face would be pleasant allies in the battle that loomed ahead.

"Rose," Irma asked, "how would you like to go to New York?"

"O, I have been there, Mrs. Graham."

"I mean to stay. To work there."

Rose shook her head. "I don't think I'd like it."

"I'm going," Irma said slowly. "I'm going today. The baby and I thought perhaps you'd come along to take care of him."

Rose looked at the baby. He was sitting on the linoleum beating the blue squares with a wooden spoon and the white ones with his bare hands. She watched him a moment, smiling thoughtfully, then she said, "He's cute, Mrs. Graham. I'd like to go with the baby'll grow up and then what have I got? Here I got my young man."

"I didn't know you had a young man, Rose."

"Yes, Mrs. Graham."

"You know that you are not an excellent cook, don't you?"

"O, sure. I can't make pies or cakes or anything fancy. I'm just good at plain cooking."

"Um, Well, Rose, Mr. Graham isn't so awfully sold on your plain cooking. Frankly you were kept here because you were fine with the baby."

"I think that after I take him away you'll find yourself out of this job."

"Yeh? Maybe. Well, then I marry my young man."

"You'd rather do that than come to New York with me, Rose?"

Rose finished painfully. "Excuse me, Mrs. Graham, yes. I like you, understand, and I'm crazy about the baby, but, my stars, I got friends in Thrace, and New York is so hard to get friends in. Anyhow, I marry and get babies of my own here and in New York maybe I'd never find a young man."

"I think you would, Rose, but stay where you're happiest. I hope you have lovely, healthy babies and a happy life."

"Thanks, Mrs. Graham. Will you have some farina with the baby?"

Irma was a trifle crushed to have Rose turn her down. She had not expected that. Somehow Rose had figured largely in her plans. It would be tough to face things with a new, unproven woman minding the baby. However, that was just something to make it harder. The loss of Rose's co-operation dampened Irma's spirits considerably. She began to wonder if by any chance the most important issue, the one upon which all her plans were based, would fall through. The worry caused her to eat swiftly so that she would know as soon as possible what the future held.

It was almost half past nine when she left the table. Well, in the morning in the Graham household, but Bill Fitzroy would still be sleeping. Too had to wake him but he would forgive her when he knew everything.

His voice, husky and irritable, snapped at her till he knew who she was. She was aware of the sudden change which appeared in his tone and she marked it as a good sign.

"Bill, I hate to wake you, but this is important. Of course, I mean important to me."

"Then it's important to me, too."

"It's sweet of you to say that. I wonder if I could see you?"

"Not at the moment."

"I guess I wouldn't want to. I'll bet you need a shave. No kidding though, Bill, could I see you this morning?"

"Sure. I'll come over as soon as I'm dressed. Anything wrong?"

"I'll tell you when I see you. No sickness or death, however, if that means anything to you. But listen, I'd rather you didn't come here."

"Well, look do you want to come over here? I'll dress right away and meet you in the lobby. You can have some breakfast with me."

"Okay. If by chance you see or speak to Wallace in the meanwhile, don't mention me. After our interview you can tell him anything you like."

"I'd guess I can keep quiet for a few hours."

"See you right away, Bill. Good-by."

He was waiting in the lobby of the Bartrum House when she arrived. In fact he had been waiting 15 minutes. It had taken Irma longer to prepare herself for public than she had counted on. She had lived in Thrace long enough to imbibe a respect for the sacred precincts of the marble room and had completely forgotten that in other days she had entered it with an unpressed frock, rundown heels and a buttered hat.

"They chattered over-brightly and with a self-consciousness noticeable to each other as they crossed the lobby, entered the dining room and were led to a small table which they had occupied before."

When they were seated and the waiter temporarily disposed of Bill said, "What is it, Irma? I guess you're anxious to spill it, aren't you?"

That Everlasting Argument - - - The Walker or the July - - - Georgia's Fox Hunters Make Merry at 14th Annual Field Trials

Mr. Lake Russell, coach of the Mercer football team, is probably the only fellow who ever managed to think up something sympathetic about the fatted calf in the story of the prodigal son.

There used to be a colored minister up in Tenn-O-See who preached a great sermon once a year on the son who stayed at home and worked hard only to see the brother, who had been out hitting the high spots only, come in and receive all the good things. I attended that sermon regularly for years in sympathetic mood, because it did seem pretty rough on the lad who had stayed at home and kept the old place going, so to speak.

And now comes Mr. Lake Russell with some sympathy for the fatted calf. It seems that practically every game the Mercer eleven has lost (just two—a great record), has been a home-coming struggle. Mr. Russell writes, concerning the Oglethorpe-Mercer game here Thursday:

"I sort of worry about these home-coming football games. We have gone through six already and they all seem harder than just ordinary games. We started on September 10 by helping Presbyterian celebrate their home-coming festivities and we have not missed a week yet. Now I understand we are to finish up by playing Oglethorpe in a home-coming.

"I would not mind this home-coming business except for the fact that it is too Biblical in nature. All the prodigal sons come back to their alma mater and they always wanted a fatted calf and I certainly don't like the idea of having them try and make me 'it' every week."

Which is quite true. Harry Robertson certainly will not want to be the fatted calf at his own home-coming. And they will naturally try to make the visitor "it."

This game Thursday at Hermance field should be one of the finest games in the south this week. Both Mercer and Oglethorpe boast real football teams. The Mercer eleven is one of the most versatile the Macon institution ever had. It has traveled twice as many miles as any team Mercer ever had. It has made one of the finest records in Mercer's athletic history, the best one in all probability.

Oglethorpe also has a real eleven.

Football fans will miss a good one if they fail to be present for the kick-off at 2 o'clock Thursday.

### NEWS FROM THE FOX HUNTERS.

Jimmy Jones, who attended the first big hunt in the Georgia state fox hunt at Yatesville, sends back a story which reveals that the war between the July hound and Walker hound owners is still at fever heat.

One of the hunters became so incensed Tuesday over an argument as to the relative merits of the two breeds that he left the meet in high dudgeon, a Chevrolet and high gear.

The story of Walker hounds who arrived on the scene of a kill by July hounds 20 minutes after the kill brought on the argument.

July hounds run down the wind, so to speak. They get the breaks but they are likely to miss the trail. The Walker hound actually follows the trail, unraveling it as he goes. He may be a bit slower, but he is surer.

This reporter wishes to inform Mr. Jake Hogan, secretary, that if football permits he will attend the fox hound trials this week and requests an armed guard for protection from the July owners. Your correspondent is a Walker hound man first last

The valleys and hillsides of Monroe county echoed to the chase yesterday as the members of the Georgia Fox Hunters Association gathered for their 14th annual field trials. They found the locality for their liking and expect to make a big week of it, despite the dry weather. A thrilling and spirited race was enjoyed at the first cast yesterday morning when a red fox was struck. Seventy hounds are entered and again that old argument about the supremacy of the Walker and the July hound is revived. At the left above is Jake, a typical Walker hound and a prize winner, owned by W. V. Ward, of Macon.

At the right of the layout is Dixie, a typical July, owned by A. M. Bentley. At the top center, past and present officers of the Fox Hunters Association are sampling some of the camp chef's cooking. They are left to right, J. K. Hogan, Macon, secretary; W. H. Holland, Round Oak, president; A. M. Bentley, Macon, John Howard, Barnesville, and T. J. Lattimore, Forest City, N. C., past presidents. At bottom center is shown the entire pack of hounds following the first cast yesterday morning as Mr. Bentley tossed them a few tidbits in their kennel. Photos by George Cornett, staff photographer.

## ALEX DECIDES JERRY'S CHANCES

Engineers Gradually Reaching Peak for Georgia Game Saturday.

The board of gridiron strategy at Georgia Tech, working on the logical theory that there is no use getting a young football team all upset about its biggest game of the season, continued to bring their squad along toward the peak of readiness, calmly and slowly, yesterday.

There was no hurrying about, no furious working. It was just an average day of preparation with Coach Alexander pausing now and then to make an explanation on some highly important point.

The players doctored through most of the plays and there was no effort at hard scrimmaging.

GOOD POLICY.

Just before the Penn game, Coach Alexander gave his regulars several such light afternoon— and they came back with a new found vigor that has held them up ever since.

So there will be no slam banging before the Georgia game. Most of Tech's scrimmaging is behind her, anyway, and the coaches see no use taking further chances on injuries.

The team will have a look at Georgia's plays this afternoon. There will be some bodily contact but not too much. The main idea with Tech's coaches is to continue polishing an offense that already has shown much improvement.

THAT DEFENSE.

The defense, save against Georgia's passes, is regarded as being adequate enough, provided the Jackets tackle as they did against Florida and Penn.

## Georgia Fox Hunters Open Annual Trials

Pick of State's Finest Hounds Entered in Events in Monroe County.

Continued from First Page.

By Jimmy Jones.

The July breed of hound is still the favorite with most Georgia sportsmen, despite the invasion of the Walker strain, which is predominant in Tennessee and Kentucky.

The old-fashioned red is the favorite fox in this state, and sticklers for the July contend that this type of hound is best suited for trailing him, because the July runs with the wind and the red fox does a great deal of swinging about.

Those who back the Walker insist that he is a close trailer and eventually wins out because of his ability to unravel the scene.

"DARN GOOD DAWGS."

It is a great argument, however, and never will end as long as foxes are bred.

## GRIM BULLDOGS WAIT FOR TECH

No Over-Confidence in Georgia Camp; Team in Good Shape.

By Al Smith.

ATHENS, Ga., Nov. 24.—Back in the good year 1927, when the Georgia Bulldogs were just coming into prominence over the nation, an undefeated squad of Georgians went wearily through their final week's practicing, leading up to the finale of the year—Georgia vs. Tech at Grant field.

The Bulldogs—still back in 1927—had been undefeated in all their games that year. They were recognized as outstanding claimants for the national championship title. And so they went wearily to work getting ready for Tech, while their supporters began wagering large sums of money that Georgia would lick Tech and head for the Rose Bowl game.

Georgia Tech, a good football team, had other ideas about the Tech-Georgia game. So when the first Saturday in December came along the Yellow Jackets and the Bulldogs kept a long-standing engagement in the mud at Grant field. The Jackets, who were doped to lose, won by the decisive score, 12-0. Just another Tech-Georgia upset.

ANOTHER MEETING.

So this week another Georgia football team is getting ready for a meeting with still another Georgia Tech squad. But this Georgia team is somewhat different from the one of three years ago. It has already lost one football game, which keeps the boys from being overconfident. And the alumni are not yapping at the boys' heels now with talk of a national championship.

There was nothing weary or lazy

## Strib-Schaaf Bout Halted by Injury

W. L. Hurts Hand at Birmingham; New York Wants Georgian This Winter.

By Ralph McGill.

W. L. (Pa) Stribling announced Tuesday that the W. L. Stribling-Ernie Schaaf fight, scheduled for Chicago December 3, would have to be postponed on account of a severe injury to Strib's left hand, sustained in the fight Monday night with Pietro Corri at Birmingham.

The injured hand, which is the same one injured before the Von Porat fight a year ago, was subjected to an X-ray examination Tuesday at Macon and showed that the tendons and muscles in the hand had been torn loose from their moorings.

With the match little more than a week away "Pa" Stribling informed Nito Lewis, Chicago promoter, that it would be impossible for W. L. to go on with the fight and asked for a postponement.

Lewis urged that Stribling treat the hand with novocaine, as he did in the Von Porat fight, but "Pa" Stribling very sensibly refused.

PA'S DECISION.

"We went through a lot before that Von Porat fight last year," said "Pa," "and I made up my mind then that I would never send W. L. into an important fight with a bad hand."

"He is started on a comeback now and to send him in against Schaaf with one hand helpless would be a very unwise move. W. L. and I regret more than we can say but there is nothing else left to do. The hand is hurt even worse than it was a year ago. We have asked for a postponement. If they can't give us one it will just have to be called off."

The injury this year came as a peculiar coincidence. It came at almost exactly the same date and in the same town as did the hurt of 1930. W. L. fought Frankie Wine in Birmingham a year ago and went on to Chicago. The injury was so bad that he asked for the Von Porat fight to be called off. Promoters cajoled "Pa" into taking the risk. Novocaine was injected into W. L.'s hand just before he went into the ring. He used the deadened fist in knocking out Von Porat. The hand was still bad when he sailed for England and the fight with Phil Scott. There it again was necessary to use novocaine to inoculate the hand against pain.

STRAIN TOO GREAT.

W. L. won both fights but the strain was so great and the chance too great and unfair to the boy that "Pa" made up his mind never to send the boy in there again with only one good hand.

It was, of course, the only decision left for the Striblings but it came as a severe disappointment. W. L. was going at a good pace and was all set to jump right back to the top of the

## GATORS ARRIVE AT LOS ANGELES

Final Workout Today; Bachman Names His Probable Lineup.

LOS ANGELES, Nov. 24.—(P)—University of Florida's Gator gridsters—27 of them—arrived here late today for their Thanksgiving Day football game with the University of California at Los Angeles.

The squad, which worked out at Yuma, Ariz., in the afternoon, was taken immediately to a Pasadena hotel for the night. A final workout, most of it secret, is to be held at the Olympic stadium, scene of the conflict, tomorrow afternoon.

Coach Charles Bachman said his players were not train weary from the long journey, and promised the Gators would give Coach Bill Spaulding's Bruins a hard struggle, despite the fact that Jimmy Hughes, fullback; Ed Farrell, end, and Clarence Phelan, are not completely recovered from injuries sustained in the Georgia Tech game last Saturday.

He named his probable lineup against U. C. L. A. as Parrell and Hall, ends; Phelan and Jenkins, tackles; Bernhard and Si Odgood, guards; Ferazzi, center; Culler, quarterback; Rogers and Bo McClellan, halves, and Hughes, fullback.

Okeechobee Bill, 200-year-old alligator, Florida's official mascot, was sent here in advance and was at the station to greet the train. Coach Bachman laughingly remarked the California weather was too chilly for the Gator.

Coach Spaulding sent his team through a hard scrimmage, with Captain Norman Duncan, fullback, not appearing for practice because of a knee injury. There was a possibility that he might not see much action in the game.

## Rest Comes at Last To Tech Grid Scouts

Rest comes finally to even football scouts. Tech's board of sleuths—Bobby Dodd, Mack Tharpe and "Robby" Robinson—will get to see their own team play for a change Saturday against Georgia. The three assistant coaches have been on the road most of the season, shadowing Tech's opponents. They have finished their work and completed a good job.

There is no more scouting for them to do now, as Tech and California, who play in Atlanta December 26, have entered into a non-scouting agreement.

"Gee! Isn't it great to see our own team play?" the trio declared in unison.
